

Too Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

Convincing Proof of This Fact.

Ridgway, Penn. — "I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old." — Mrs. O. M. RINES, Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga. — "I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I was in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited." — Mrs. W. E. LINDSEY, R. R. 3, Tennille, Ga.

Contract Not Let.

Col. Bennett H. Young of Louisville, president of the Jefferson Davis Park Association, was at Fairview for a short while last Saturday looking over the situation and conferring with parties about getting rock from the quarry to erect the monument. He reports that funds are being raised rapidly, especially among the schools of the state, by the little bank system. He hopes to have work to begin on the monument in a short while, and while the contract has not been let, bills have been opened. He also says that there will be erected a rest room on the house and a keeper's quarters on the park grounds. — Pembroke Journal.

HOWELL SCHOOL

Old Faculty Re-elected For Another Year.

The trustees of the Howell School have re-elected the present faculty for another year. Prof. L. J. McGinley, principal, Miss Frances Lander, as high school assistant and Miss Lena Foster as teacher in the primary department. The two assistants have been in the school for the last year and Prof. McGinley has been principal for two years. The school is drawing from a wide scope of country and this year has about 65 pupils.

Virtually Imprisoned.

The former czar has been placed under guard in the palace at Tsarkoe-Selo, with his wife. A strict guard was established at the palace, the former guards being removed.

The staff having retired, the ex-empress asked General Korniloff not to dismiss the household servants, who were familiar with the habits and needs of her sick children. She especially requested to be allowed to retain Sergius Berevenko, the male nurse of Alexis. General Korniloff granted the request and withdrew.

Nicholas then bade farewell to his suite and the servants, kissing all of them. The servants kissed him on the shoulder. Addressing those about him, Nicholas said:

"I thank you for your services. Farewell."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

PERUNA in Your Home

A housewife must give the first aid in colds, coughs and other ailments. Her promptness in applying the remedy often saves a serious illness. Her experience with remedies has led her to know that PERUNA is always reliable, that she should have it on hand for the immediate treatment of coughs and colds, and that it is always to be relied upon.

Mrs. George Parker, 419 Water St., Memphis, Wis., writes: "We have used Peruna in our family for a number of years, and have found it a perfectly reliable medicine. It soon rid the system of any traces of a cold, and prevents serious complications. I began using it for catarrh, which I suffered with a good many years. Since I have taken Peruna the dropping in my throat has discontinued, and my head and nose are not so stopped up in the morning. I am pleased with the results, and shall continue to use it until I am entirely rid of catarrh. I heartily recommend it as a household medicine. What it does for her it is ready to do for you."

The Family Safeguard

The experience of one woman, given herewith, is typical of thousands of letters that reach the Peruna Company from grateful friends who have found their homes incomplete, and their family safety in danger without PERUNA.

Colds and Catarrh

The great weight of testimony that has accumulated in the 44 years that PERUNA has been on the market proves it, beyond question, to be the reliable family remedy, ever ready to take, preventing the serious effects of colds, coughs, grip and derangements of the digestive organs. This proof is published from time to time and many families have profited by it.

Remember you can obtain PERUNA in tablet form for your convenience. Carry it with you and be fortified against sudden attacks.

Don't Wed Pacifists.

New York. — The girl students of the Tewksbury School, in Scarsdale, N. Y., were advised recently to refuse to marry pacifists or men with pacifist tendencies. Further than that, they were instructed to not even make friends of such. This advice was given by Mrs. Henry A. Wise Wood, national secretary of the National Special Aid Society, in an address. She said that the existence of the war had brought American women face to face with a set of problems entirely new to the women of this generation.

"In all recorded history," she said, "there have been cowardly men who wished to be the protected ones and not the protectors. These cowardly men are against universal training and service because these things compel them to defend the country, as well as the brave men who are willing to do it."

"The coward is a historical character. Whenever there has been fighting to do he has tried to escape under some plausible name or other. In England he calls himself a 'conscientious objector,' and says he should not be made to fight. In the United States he calls himself a pacifist or a humanitarian, and says he ought not to fight. But a coward by any other name is a coward still. Beware of him!"

"Always throughout life remember that the man who will not defend his country will not defend his wife, his child, his home. Do not marry such a man."

CAMINETTI AND DIGGS.

Washington, March 26. — The Supreme Court's mandate sustaining the penitentiary sentences given F. Drew Caminetti and Mauri I. Diggs, of Sacramento, Cal., for violating the Mann white slave law was issued to-day.

One of The Best

The NEW SEED LAW requiring all packages of GARDEN and FIELD SEED to be marked or labeled showing the year packed and percentage of generation is one of the best laws enacted for the protection and good of all the people (honest seed growers included.)

You should see that all seeds you buy fully comply with same. Laws are not enacted to avenge a crime but to prevent same from being committed. Not to work a hardship on any one but to help all society. There may be greater crimes than selling bad seeds, but there is nothing more disappointing than a crop failure, caused by planting bad seed. You lose not only the time and labor in preparing the soil but the prospects in a crop as well. The high cost of living now is partly due to such conditions and if you BUY SEEDS that do NOT FULLY COMPLY with this NEW LAW YOU ARE A PARTY TO THE CAUSE OF THIS CROP FAILURE.

WE ARE GLAD TO STATE THAT
ALL SEEDS OFFERED BY US

Fully comply with this new law, and furthermore they are grown by people we have bought for years, who value their reputation more than a few "tainted" dollars obtained by defrauding the public on bad seeds.

OUR BIG BULK SEED BUSINESS

Is one of the largest in this end of the state and is the RESULT of handling that which we know to be fresh, new stock. Our stock was bought early and prices will be NO HIGHER THAN BEFORE THE WAR.

Seed Irish Potatoes are all strictly Northern seed, "grown for seed purposes only." They come a little higher but always can be depended on.
